## MESSAGE FROM THE ATTORNEY GENERAL

*Dear Law Enforcement Official:*

*Over the past two and a half years, I co-hosted county law enforcement roundtables for all of Wisconsin's 72 counties. In the process, I met with over a thousand state legislators (who often co-hosted), law enforcement officials, judges, and community leaders to listen to their public safety concerns and their ideas on how to make their communities a safer place to live. Needless to say, each county was very unique and offered a glimpse into what you face every day.*

*My objective at these roundtables was to listen to local concerns and see if there were ways in which those of us in state government can assist you in making Wisconsin's communities safer. Some of the ideas that were raised required changes to state law. I would like to update you on one issue raised at the roundtables that required a change to the law.*

*A repeated concern among law enforcement is the desire to eliminate apparently unnecessary tasks and maximize the time officers could spend on the street. One idea was that the process for filing a criminal complaint could be made more efficient if officers were allowed to take advantage of existing technology. Today in a typical case, a law enforcement officer who is the complainant in a criminal case will draft the complaint, drive from their headquarters to the district attorney's office, wait to meet with the district attorney or an assistant district attorney, take an oath, submit the signed document, and drive back to their patrol or headquarters. If a criminal complaint could be sent to a district attorney with an "e-signature," it would cut down on the time and travel needed to file a complaint with the district attorney – and even allow officers equipped with a laptop and a cell phone to file a complaint from a scene. The time spent now on unnecessary travel could increase an officer's time on the street or cut down on overtime, saving taxpayer money without infringing on public safety.*

*Working with primary sponsors Representative Gary Hebl and Senator Bob Jauch, my office developed legislation to make this happen. It would allow the complainant to make the oath by telephone to the district attorney or judge and electronically submit the complaint with an e-signature. As of this writing, the bill has been circulated to other legislators for co-sponsorship and should be introduced soon with hearings to follow.*

*When the bill is introduced, I hope you will have the opportunity to contact your legislator and explain to them just how (and how much) this simple bill would assist your department. Legislators depend on the people who would benefit from proposed legislation to let them know why a bill is important. I know they will want to hear from you, and I know the more voices they hear, the more likely it is that this bill will become law this session.*

*If you ever have any questions about pending legislation, please do not hesitate to contact my staff who work with the legislature, Kevin St. John, Mark Rinehart, or Cindy Polzin.*

*Sincerely,*

A handwritten signature in black ink that reads "J.B. Van Hollen". The signature is written in a cursive, flowing style.

# 2010 Attorney General's Working Summit on Public Safety

---

Tuesday evening, **June 15**, through  
Thursday afternoon, **June 17, 2010**  
Chula Vista Resort, Wisconsin Dells

---

The dates have been set for the 2010 Attorney General's Summit. This year's dates have been moved to June because 2010 is an election year and it would be difficult for the Attorney General and many Wisconsin sheriffs to commit three days to a training conference in mid-October.

Bring the family along to this year's Summit. School will be out and all Dells summer attractions and activities will be open. The Chula Vista is offering very attractive lodging rates that include indoor/outdoor waterpark passes.

The cost of the Summit is \$50.00 per participant. All Summit materials and meals are included in the registration fee. ***Attendance at the Summit qualifies for 12 hours of the annual recertification training required by the Law Enforcement Standards Board.***

**REGISTER:** On-line registration is available on WILENET ([www.wilenet.org](http://www.wilenet.org)) or you can complete and mail-in the registration form that follows.

**LODGING:** Lodging reservations should be made directly with the Chula Vista at 800/388-4782 or 608/254-8366. Room rates of \$70/single or \$92/double are available to attendees. 2-bedroom/2-bath condo are available at a reduced rate of \$199.00 per night. Ask for the Attorney General's Summit rates when registering. Lodging is limited so make your reservation early.

### BRING THE FAMILY

**Double rooms (\$92) include 6 waterpark passes.  
Additional waterpark passes also available with condo reservations.**

### **State v. Lee**

**Decided by the Wisconsin Court of Appeals, July 29, 2009**

#### **Issue:**

This case deals with a warrantless entry into a home based on the probable cause and exigent circumstance doctrine. In this case the court of appeals held that when police view suspected drugs and paraphernalia through an apartment's open door and announced their presence without response they could make a warrantless entry into the home.

#### **Facts:**

During the early evening hours the police were dispatched to the upper unit of a duplex to investigate drug dealing complaints. The officers asked for and received consent from the lower level resident to enter a common hallway which contained a stairway leading to the upper apartment. At the top of the stairs the police saw that the door to the upper level apartment was wide open and within plain sight from the doorway the police could observe a small table with two plastic baggies containing a substance that appeared to be marijuana, a scale and a plate, both of which contained a white residue suspected to be cocaine, and a razor blade. A box of baggies was laying on the floor next to the table. There were no occupants in view and the officers announced their presence and received no response.

The officers entered the apartment and then did a protective sweep in search of the apartment occupants and uncovered additional evidence of drugs and drug trafficking. After a short while the defendant arrived at the residence and was arrested.

#### **The Defendant's Argument:**

The defendant argued that the police violated the 4<sup>th</sup> amendment by making a warrantless entry into his home.

#### **The State's Argument:**

The state argued that the entry and subsequent seizure was admissible as the police prior to the entry had both probable cause and exigent circumstances.

#### **The Court of Appeals Holding:**

The Court of Appeals agreed with the state and validated both the entry and the seizure. First, the court held that the police had ample probable cause of criminal activities based on their unobstructed view of illegal narcotics and related evidence. The view came from the staircase that the police had proper authority to enter based on the lower apartment dwellers consent and the fact that the stairway was in communal property. The observation of the drugs occurred because the defendant had left his front door wide open and thus the evidence could be seen without entering the residence. The court also found the requisite exigent circumstances since police arriving at a residence because of a drug dealing complaint and seeing the evidence in plain view through an open door and getting no response from inside when they identified themselves, could rightfully conclude the need for a protective sweep for their safety. Since leaving a door open with drugs in such plain view is unusual the court held it reasonable for the police to suspect that people inside felt a raid was imminent, would be nervous and agitated, and would take steps to evade apprehension. Hence the protective sweep was reasonable. Then court of appeals reasoned that if the police waited outside to get a warrant they could be placing themselves in danger and if they left to get a warrant they risked the evidence being destroyed.

**Note:** The facts in this case are somewhat unusual and the situation would have been different if the door was closed as the police would then only have reasonable suspicion of drug activity and reasonable suspicion plus exigent circumstances does not allow for a legal entry into a home. The police need probable cause. Also the result might have been different if the police vantage point in observing the drugs beyond the open door was from a place where the upper level occupant had an expectation of privacy as opposed from the communal area where the observation occurred.

Subsequently, BOLO was initiated for pickup truck. In response to original region-wide BOLO, BPD officers located subject's vehicle in parking lot. Vehicle was unoccupied and appeared to have blood on driver's side doors and roof. Shortly thereafter, pickup truck occupied by subject and subject's brother approached stationary police units from Hoover Police Department (HPD). ## WISCONSIN LAW ENFORCEMENT DIRECTORY

The Department of Justice, Training and Standards Bureau is in the process of updating their database records, which will then replace the current Law Enforcement Directory database. Letters were mailed, in July, requesting agencies to review current database records and to submit any changes to the Training and Standards Bureau. We will not be publishing changes or updating the Law Enforcement Directory on WILENET until all changes are received and processed. Upon completion of the database project, the newly revised Wisconsin Law Enforcement Directory will be posted to WILENET. Thank you for your patience during this project.

Presentation Overview: Dr. Bill Tafoya, FBI (ret.) predicted in a well regarded study (1985) that law enforcement wouldn't be a true profession until the year 2050. If that is true, and he makes a convincing argument that it is, then this generation of criminal justice leaders may be one of the most important as they transition the profession toward that end. This session will look to the evolution of leadership and management in the past century with an eye toward an all important, but precarious future.

The purpose of the class is to provide trainers with the information they need to prepare themselves and their officers to become the next leaders and managers in their agencies. Topics that will be covered include; establishing, sustaining and celebrating a belief system, defining new leadership for the times, the difference between leadership and management, and the evolution of leadership in the public sector.

Presented by:  
**Law Enforcement Training Officers' Association**

Your Presenter:  
**Bill Westfall**

Mr. Westfall was Director of the Montana Law Enforcement Academy where he oversaw the upgrading of the entry level basic law enforcement curriculum to a ten week 500+ hour program, directed the establishment of the MLEA Executive Institute for Chiefs and Sheriff's and assisted with the restructuring of courses for supervisors and for in-service training. Mr. Westfall served as Director of the Florida Department of Law Enforcement (FDLE) Academy responsible for training programs delivered across the state for all law enforcement agencies. ## **# 7607 — DEALERSHIP AUTO THEFT TASK FORCE – WI**

On 01-11-2010, the dealership auto theft task force met at Burlington PD. Combined information sharing shows that in Wisconsin there have been a total of 23 cars (and another four in Naperville Illinois and one in Mt. Pleasant, Iowa.) believed to be linked to the same group of suspects. Victim agencies believed to be connected are: Osseo, Black River Falls, Chilton, Brillion, Grand Chute, Lake Mills, Jefferson County Sheriff, Watertown, Burlington and Monroe.

The MO is generally an attack to the key lock box on the side of the vehicle. However on three occasions the suspects have gone into the dealership and taken ALL the keys for every vehicle on the lot. On one occasion titles were taken too. Several of these thefts required a minimum of four persons. Burlington, Osseo, and Black River Falls have been victimized more than once.

The vehicles are driven to the Chicago area, sold for next to nothing, and potentially used to commit crimes. At least two of the recovered vehicles have had bullet holes in them. There has been a great amount of difficulty in receiving cooperation south of the border. Therefore, the consensus was that the best way to stop this group and arrest suspects is to raise awareness here in Wisconsin. Some of the suspects in this case are believed to be Four Corner Hustler Gang members from the Chicago area. All possible suspects at this time are black males in their early twenties to early thirties. One potential suspect is wanted for homicide. So PLEASE USE CAUTION!

The task force asks that agencies be vigilant to watch for the following indicators:

- 2009- 2010 vehicles
- All American made – only one Ford (mustang)
- High end sports cars or SUV – Chargers, Challengers, Suburbans and Yukons are the most common; however there have been a Lucerne, LaCrosse, and Malibu
- MSRP stickers are occasionally left in window, but most likely thrown on pass floor
- License plates are commonly stolen from vehicles at dealership, or nearby so plate will not match vehicle, however dealer plates have been taken too
- Only one plate is stolen and placed on back
- Cleanliness of vehicle and plate may be different
- In some cases they have been able to disable On Star
- Thefts occur at night with highest volume likely to be between 2a-4a
- Vehicles are traveling down I-94 corridor and crossing into Illinois at the Waukegan toll plaza
- At least in one case we know all the stolens traveled together into Illinois
- Lockboxes are generally not found on scene, or in the stolen vehicle, so are most likely thrown out along highway

We also believe that law enforcement working with their dealers to remove lock boxes from their cars, and storing keys inside the dealership in a secure location (safe) will help mitigate losses. Alarms, surveillance, blocking entrance and exit points, etc., will also help to achieve this end. As of this time we are nearing the million dollar mark on total losses. We are working with FBI, DCI, WSP, ISP and many others to solve this case, but we believe that this criminal enterprise will most likely be stopped by a proactive third shift street cop, deputy, or trooper.

Four suspects were taken into custody in the Grand Chute incident and they are:

Fleming, James G., M/B, 02-10-1986  
 Anderson, Trevor, M/B, 03-07-1985  
 Mayfield, Michael T., M/B, 10-30-74  
 Mayfield, RicardoMona, M/B, 12-10-73

Please check databases for contacts with these suspects as it may link to one of our cases.

Please contact the undersigned with any information that may be of assistance. If suspects are located we will attempt to get a task force member out to the scene 24/7. If you would like to join the task force, obtain information on suspects, or be on the email list let me know.
