MESSAGE FROM THE ATTORNEY GENERAL

Dear Law Enforcement Colleague,

As the Department of Justice (DOJ) prepares for the April 1, 2015, implementation of DNA at arrest, it is important that we evaluate our processes and procedures to ensure that the criminal records you rely on every day are as accurate and current as possible. To that end, we are asking for your continued partnership and assistance in the processing of arrestees and the submission of fingerprints. We have identified a few common issues that have an adverse effect on the completeness and quality of criminal records. Your attention to these issues will be crucial as we move forward with DNA at arrest.

Additional Charges

If the district attorney decides to add another charge after the initial arrest and fingerprinting, it is not necessary to re-submit the 10-print fingerprint card to the Crime Information Bureau (CIB) with the additional charge(s); doing so actually creates a duplicate record in the criminal history database. The DOJ already has interfaces in place with the Prosecutor Technology for Case Tracking system (PROTECT) and will get the charging decisions, along with the additional charges. This is true as long as the person was fingerprinted at arrest and that information was forwarded to the CIB.

Use of the Arrest Tracking Number (ATN)

When law enforcement takes fingerprints from a suspect at the same time as the arrest, an arrest tracking number (ATN) is automatically generated by the live scan device. If the ATN is referenced in the arrest packet that goes to your local district attorney's office prior to charges being issued, all of the prosecution decisions and CCAP court dispositions will post electronically to the arrest event. If you do not get the ATN to the DA prior to charging, you will need to forward the ATN to the Clerk of Courts. You can either put the ATN on the referral form or get it to the DA on the final disposition form.

Coordination of Booking Agency Fingerprints

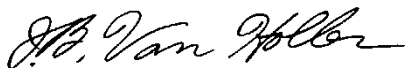

We also ask that you coordinate your fingerprint submissions to the CIB between arresting and booking agencies to avoid the CIB receiving duplicate arrest submissions. Duplicate submissions cause one or both arrest events to remain open with a "disposition not reported" field showing in the criminal history. Duplicate submissions cause problems for the DAs and CCAP as they do not know which ATN is correct. Additionally, it diminishes the amount of data available to law enforcement.

The coordination between arresting and booking agencies is not only important to prevent duplicate fingerprints, but as DNA at arrest rolls out, it will be imperative that only one set of arrest prints, along with one DNA sample and fingerprints--if the arrestee does not have a State Identification Number (SID)--is submitted to the DOJ.

For order-in cases, the arresting agency should ensure fingerprints are taken and submitted to the CIB as this generates the needed ATN for case tracking purposes. This guarantees the arrest event gets to the CIB and posted to the criminal history database.

We appreciate your assistance and look forward to continued partnerships. If you have questions related to fingerprints or criminal records, please contact the CIB's Criminal Records Unit at 608-266-9561. Thank you.

Sincerely,

*J.B. Van Hollen
Attorney General*

State v. Uhlenberg 2013 WI APP 59

Issue:

The main issue in this case is whether or not the defendant was in custody when he invoked his Miranda right to silence and an attorney. A second issue is whether the police lawfully made contact with the defendant because they feared he was trying to hurt himself with a shoelace and whether the statements the defendant made to his wife on the jail phone were admissible in court. Ultimately the court of appeals held that the defendant was in custody when he invoked his right to counsel but also held that the police were lawfully justified in intervening in the shoe lace incident and that the incriminating statements the defendant made to his wife were admissible.

Facts:

This case arose because of statements a five year old girl made after a sleepover at the defendant's house; the little girl was friends with the defendant's young children. When the girl made statements to her mother about the defendant sexually touching her, the police were contacted. After gathering information from the girl and her mother the police went to the defendant's home and asked him to come down to the police department for questioning. The defendant was not given the option of driving himself but was handcuffed, frisked, and transported by the police in the back of a squad car. At the police department the police took the defendant to a locked interview room where his handcuffs were removed. The police told the defendant that he was not under arrest and then began to read the defendant the Miranda warning. Despite reassurances that he was not under arrest the

defendant asked several questions about his status and then finally said I am not going to say another word and I want an attorney. The police did not stop the interview and told the defendant that they simply wanted to talk to him about what happened at the sleepover. The police finished reading the Miranda warning and ultimately the defendant made some incriminating statements.

Shortly after the interrogation was completed the defendant was left alone in the interview room and the police on the monitor saw the defendant removing his shoelaces. The officer rushed into the room and saw the defendant holding one of the laces as if he was going to strangle himself with it and the officer asked the defendant what he was doing with the shoelaces and the defendant said he wanted to kill himself and asked the officer to shoot him. The defendant was moved to a different room and the defendant made a call to his wife without asking for privacy and spoke at a normal volume within hearing range of a police officer. During the conversation the defendant told his wife that "I did some things but didn't hurt her, and she kind of came on to me and in a moment of weakness I did some things".

The Defendant's argument:

The defendant argued that his statements in the interview room, his statements during the shoelace incident, and the statements to his wife should all be suppressed since they were all made after he requested an attorney.

The State's Argument:

The state argued that all the statements should be admissible as the defendant was not in custody when he requested an attorney and the defendant agreed to talk to the police after being formally read his Miranda warning.

The Court of Appeal's Holding:

The court of appeals agreed with the defendant that his statements in the interview room should be suppressed. The court reasoned that the defendant was in custody when he asked for an attorney and therefore the police should not even have read him his Miranda warning. The court felt the defendant was in custody since he was transported handcuffed in a police squad and

placed in a locked interview room. The court did note that the defendant was told that he was not under arrest but that there is a difference between being in custody for Miranda purposes and being under arrest.

However, the court of appeals also held that the police were justified in recontacting the defendant over the shoelace because they were legitimately concerned with his safety and the statements the defendant made were not solicited by an interrogation. Similarly the defendant's statements to his wife were admissible as the police did not violate the defendant's privacy in overhearing the conversation.

Note:

This case is another reminder that in Wisconsin a defendant in custody can assert his Miranda right to an attorney even before he/she is read her rights.

Hint:

If the police want to keep an interview non-custodial for Miranda purposes it is best to say a person is free to go at anytime as opposed to saying that they are not under arrest.

Incident Summaries

Upton County Sheriff's Office (UCSO), Texas

Veteran Deputy Sheriff, aged 37, with 14 years law enforcement experience (10 months with UCSO) was fatally shot on 10/02/2013. At approximately 11:15pm suspicious vehicle call was received by 911 dispatch of

vehicle parked for over four hours at convenience store. Two UCSO Deputies responded to location, approached vehicle, and found subject asleep at wheel. Deputies woke subject and requested identification. Upon receipt of identification, Deputies returned to their patrol units. Vehicle's plate was cleared, however vehicle was reported as stolen. After Deputies (neither wearing body armor_ approached subject's vehicle again, subject stepped out of vehicle and fired .45 caliber handgun at Deputies. Deputies exchanged gunfire with subject resulting in one Deputy being fatally struck in arm, shoulder, and side of body. Subject was wounded during incident and has been charged with capital murder.

Eupora Police Department (EPD), Mississippi,

Veteran Corporal, aged 52, with about 11 years law enforcement experience with agency, was fatally struck by vehicle on 10/23/2013. At about 7:50am, apparent attempt by three subjects to rob bank was foiled with bank employee noticed subjects approaching bank and tried to follow bank employee inside, but were unable to enter due to bank employee locking door beforehand. EPD was notified, who in turn contacted Mississippi Bureau of Investigation (MBI) for assistance.

Thereafter, subjects traveled approximately 50 miles and conducted armed robbery of check cashing business. At 9:42am, BOLO was issued providing description of subject vehicle occupied by three subjects, further indicating subjects had just been involved in armed robbery. Mississippi Highway Patrol (MHP) Officer spotted subject vehicle and initiated pursuit. Pursuing MHP Officer requested spike strip be deployed in attempt to stop subject vehicle.

At approximately 10:12am EPD Corporal deployed spike strip and ran toward center median of highway. Several other law enforcement officers with EPD, MHP, and Mathiston Police Department were set up to provide assistance with apprehension of subjects. As subject vehicle approached, it veered into center median to avoid spike strip, fatally stricken Victim Corporal. Subject vehicle continued in median until it struck metal light pole, ejecting passenger of subject vehicle, resulting in death. Driver of subject vehicle was airlifted to trauma center in critical condition, and third subject was taken to local hospital with non-life threatening injuries. MBI intends on pursuing capital murder of police officer charges against surviving subjects.

Additional details regarding incidents are not available. Should you wish to obtain information for condolence purposes, please contact your department's Law Enforcement Online (LEO) representative .If a LEO representative is not available please email leoka-statistics@leo.go

A LAW ENFORCEMENT OFFICER YOU SHOULD KNOW

Officer Jarrod N. Ray

Department: Grafton Police Department

Length of Service: 8 years,
Gang Resource Officer

Success Story: On September 23, 2013 at approximately 11:50pm officers responded to the Aurora Medical Center to investigate a report of juveniles hiding in the bushes following Grafton High School being toilet papered. When officers arrived in the area of the Aurora Medical Center several subjects ran off into the bushes.

On Tuesday, September 24, 2013 at approximately 4:27am a concerned parent contacted the Grafton Police Department advising that her 16 year old son Michael had not returned home after leaving to toilet paper for homecoming with friends. The parent indicated that Michael's vehicle was found parked at the Aurora Medical Center near the Orthopedics entrance. Officer Jarrod Ray responded to that location and determined that Michael may be one of the subjects that ran as police approached the evening before.

Officer Ray initiated a search of the area where he had observed people running. After several minutes of searching, he located an individual lying down in a drainage ditch. This subject was indentified at Michael, the missing juvenile. Officer Ray observed that Michael had a laceration to his forehead and was in dire medical distress. He immediately summoned emergency medical services to the scene and rendered aid and comfort to the victim until they arrived.

Officer Ray's dedication and quick thinking in initiating the search and locating Michael were critical in getting him the life saving medical treatment he desperately needed.

SUBMIT A LAW ENFORCEMENT MEMBER FOR RECOGNITION

Law enforcement officers, jailors, and juvenile detention personnel work tirelessly day-in and day-out to serve and protect our citizens. All too often their daily performance is taken for granted and only becomes newsworthy when something extraordinary happens.

The Department of Justice (DOJ) would like to recognize and provide a format for agencies and peers to recognize law enforcement officers, jailors, and juvenile detention officers who exhibit exceptional commitment, dedicated community service, and ethical leadership on a daily basis as they perform their duties. While many awards exist to recognize exceptional service, the so called "routine efforts" can sometimes go unnoticed.

DOJ would like to start featuring these dedicated public servants in the Law Enforcement Bulletin. If you are interested in participating in this great recognition opportunity please submit a candidate through the electronic form now available in the Law Enforcement Bulletin section of WILENET.

On the submission form you will have the opportunity to provide a short bio of the individual and share a story or provide an example of the extra effort, kindness, or creativity that your member shows in their work on a daily basis. A photo of the individual and/or the agency logo is also encouraged. Submissions will be excepted from front-line supervisors or higher and will be reviewed by DOJ staff. The support of our criminal justice partners will make this a successful endeavor and provide some well-deserved recognition to those in the field.
